

DENNIS P. McDOUGALL

Applied EarthWorks, Inc.
3292 East Florida Avenue, Suite A • Hemet, California 92544-4941
(951) 766-2000 • dmcdougall@appliedearthworks.com

EDUCATION

- 1976 Pierce Community College, Woodland Hills, California.
- 1974–1975 Archaeological Survey Field School (Nelson Leonard III: Chief Archaeologist), University of California, Los Angeles.

PROFESSIONAL EXPERIENCE

- 1995– Archaeologist, Applied EarthWorks, Inc., Hemet, California.
- 1991–1995 Field Supervisor, Assistant Field Director, Lead Field Technician for INFOTEC Research, Inc., Fresno, California.
- 1986–1991 Senior Staff Archaeologist for Archeo-Tec, Oakland, California.
- 1977–1986 Field Director, Assistant Field Director, Field Technician, and Laboratory Analyst for the University of California at Santa Barbara and a variety of CRM firms throughout the western United States.

REPRESENTATIVE PROJECTS

- 2008– **Field Director/Author**, Antelope Valley–East Kern Water Agency North Buttes WSSP Water Banking Project. Contract with Boyle Engineering and Applied EarthWorks, Inc. Supervision of archaeological survey and site documentation; preparation of a Phase I Cultural Resources Report.
- 2008– **Field Director**, Vulcan Materials Sand and Gravel Project on the Torres Martinez Reservation, western Imperial County. Applied EarthWorks, Inc. contract with the Torres Martinez Desert Cahuilla Indians on behalf of the Vulcan Materials Company. Supervision of archaeological survey and site documentation; preparation of a Phase I Cultural Resources Report.
- 2008– **Field Director/Author**, Phase I Studies for the Desert Knolls Wash Improvement Project. Applied EarthWorks, Inc. contract with the San Bernardino County Department of Public Works. Supervision of archaeological survey and site documentation; Native American and agency consultation; preparation of a Phase I Cultural Resources Report.
- 2007– **Field Director/Author**, State Route 58 (SR-58) Realignment Project Through Kramer Junction, San Bernardino County. Contract with Caltrans District 8 and Applied EarthWorks, Inc. Supervision of archaeological survey and site documentation
- 2007– **Field Director/Author**, State Route 58 (SR-58) Realignment Project Near Hinkley, San Bernardino County. Contract with Caltrans District 8 and Applied EarthWorks, Inc. Supervision of archaeological survey and site documentation.

- 2007 **Co-Presenter.** Fort Yuma-Quechan Native American Training Project. Contract with the Fort Yuma-Quechan Tribe and Applied EarthWorks, Inc. Responsible for the design and implementation of presentations to educate interested Native American monitors on cultural resources management, the prehistory of the Palm Springs region, lithic technology, human remains identification, local flora identification, and field training in archaeological survey, site identification, mapping, and site documentation.
- 2006– **Field Director,** Emergency Data Recovery Excavations at CA-RIV-5211. Supervision of emergency excavation of a large Cahuilla cremation cemetery; coordination of all special analyses studies; extensive native American and agency consultation.
- 2006– **Field Director/Co-Author,** Turner Springs Phase II Testing and Evaluation Project, western San Bernardino County. Applied EarthWorks, Inc. contract with Parsons Transportation Group. Responsible for overseeing testing and evaluation of five prehistoric sites located at Turner Springs, west of Victorville; laboratory processing and artifact analyses; preparation of the Phase II Testing and Evaluation Report; Native American consultation.
- 2006–2007 **Field Director/Co-Author,** City of Yucaipa Specific Plan and Environmental Impact Report. Applied Earthworks, Inc. contract with P&D Consultants. Responsible for overseeing archaeological surveys of approximately, 1,220 acres along Interstate 10, western Riverside County; identification and documentation of 11 cultural resources; preparation of the project’s Phase I Cultural Resources Inventory Report.
- 2006–2007 **Field Director/Co-Author,** State Route 74 Fire Evacuation Route Fuel Reduction Project, western Riverside County. Applied EarthWorks, Inc. contract with the natural Resources Conservation Service. Responsible for overseeing archaeological surveys of approximately, 1,150 acres on either side of SR 74 from Pinyon Pines to Valle Vista in western Riverside County; identification and documentation of 20 cultural resources; preparation of the Phase I Cultural Resources Survey Report; Native American consultation; client coordination.
- 2006–2007 **Field Director/Co-Author,** Bundy Canyon Road Widening Project, western Riverside County. Applied EarthWorks, Inc. contract with Parsons Transportation Group on behalf of the Riverside County Transportation Department. Responsible for overseeing cultural resources surveys of approximately 6 linear miles along Bundy Canyon Road; site identification and documentation; preparation of the Phase I Cultural Resources Survey Report.
- 2006–2007 **Field Director,** Mid-County Parkway Project, Riverside County. Contract with LSA and Applied EarthWorks, Inc. on behalf of the Riverside County Transportation Commission and Caltrans District 8. Responsible for overseeing archaeological surveys of several project alternatives; site identification and documentation.
- 2006 **Field Director/Author,** Palm Springs Master Drainage Plan Line 41 – Stage 3 Flood Control Project, western Riverside County. Applied EarthWorks, Inc. contract with the Riverside County Flood Control and Water Conservation District. Responsible for overseeing Phase I cultural resources surveys of approximately 1.5 linear miles and seven acres; Preparation of the Phase I Cultural Resources Survey Report.
- 2006 **Field Director/Author,** Desert Hot Springs Master Drainage Plan Revision No. 1 Project. EarthWorks, Inc. contract with the Riverside County Flood Control and Water Conservation District. Responsible for overseeing cultural resources surveys of

- approximately 33 acres of the Camino Campanero Detention Basin, western Riverside county; preparation of the Phase I Cultural Resources Survey Report.
- 2005–2007 **Field Director/Author**, Metropolitan Water District of Southern California Robert B. Diemer Water Treatment Plant Improvements Program, Orange County. Responsible for overseeing archaeological surveys of approximately, 200 acres; preparation of the Phase I Cultural Resources Survey Report.
- 2005–2006 **Field Director/Author**, Metropolitan Water District of Southern California Lake Perris Pollution Prevention and Source Protection Program, western Riverside County. Responsible for overseeing archaeological surveys; identification and documentation of one cultural resource; Native American consultation; preparation of the Phase I Cultural Resources Survey Report.
- 2005 **Field Director/Author**, The Mojave Water Agency Water Banking Project, San Bernardino County. Contract with J. Monroe Consulting Services and Applied EarthWorks, Inc. on behalf of the Mojave Water Agency. Supervision of archaeological survey of approximately 1,500 acres; identification and documentation of three cultural resources; report preparation.
- 2004– **Field Director/Author**, Natural Resources Conservation Service Southern California Tree Mortality and Emergency Watershed Protection Program. Contract with the Natural Resources Conservation Service and Applied EarthWorks, Inc. Responsible for overseeing archaeological surveys of more than 10,000 acres in the San Bernardino Mountains, the San Jacinto Mountains, and various areas throughout San Diego County; site identification and recordation of more than 200 cultural resources; preparation of the archaeological survey reports.
- 2004–2007 **Field Director/Author**, Pacific Gas & Electric Topock Interim Measure No. 3 Compressor Station Expanded Groundwater Extraction and Treatment System Project. Contract with Pacific Gas & Electric and Applied EarthWorks, Inc. Responsible for overseeing archaeological surveys of approximately 1,800 acres south of Needles, California, and the recordation of 134 prehistoric and historical archaeological sites and 34 prehistoric and historical isolated artifacts; coordination of archaeological monitoring efforts during all project-related ground disturbing activities; Native American and agency consultation; preparation of the archaeological survey reports.
- 2003–2004 **Field Director/Author**, Testing and Evaluation of 50 Prehistoric Sites Located on Edwards Air Force Base (EAFB), on behalf of Earth Technologies and the U.S. Army Corps of Engineers. Supervision of excavations; preparation of Phase II Testing and Evaluation Report, Management Regions 3 and 4.
- 2003–2004 **Research Assistant**, City of Riverside General Plan Update. Responsible for completing an archaeological literature and records search for the City's 169-square-mile Core and Sphere of Influence.
- 2003 **Presenter**, Agua Caliente Band of Cahuilla Indians Native American Monitor Training Course. Responsible for the design and implementation of presentations to educate interested Native American monitors on cultural resources management, the prehistory of the Palm Springs region, lithic technology, human remains identification, local flora identification, and field training in archaeological survey, site identification, mapping, and site documentation.

- 2003 **Field Director**, I-10/Jefferson Street Interchange Project. Contract with RBF Consulting and Applied EarthWorks, Inc. on behalf of the City of Indio and Caltrans District 8. Supervision of archaeological survey and site documentation.
- 2003 **Field Director**, Cross Valley Connector Project, Los Angeles County. Contract with Myra L. Frank & Associates, Inc. and Applied EarthWorks, Inc. Supervision of archaeological survey.
- 2002 **Laboratory Analyst**, The Harley Garbani Artifact Collection Cataloging Project. Contract with the Western Center Foundation and Applied EarthWorks, Inc. Catalogued more than 100,000 artifacts from southern California for the Western Center Foundation for Archaeology and Paleontology.
- 2002 **Field Director/Co-Author**, State Route 58 (SR-58) Realignment Project Through Kramer Junction, San Bernardino County. Contract with Caltrans District 8 and Applied EarthWorks, Inc. Supervision of archaeological survey and site documentation; preparation of a Positive Historic Properties Survey Report/Archaeological Survey Report.
- 2002 **Field Director/Co-Author**, State Route 58 (SR-58) Realignment Project Near Hinkley, San Bernardino County. Contract with Caltrans District 8 and Applied EarthWorks, Inc. Supervision of archaeological survey and site documentation; Native American consultation; preparation of a Positive Historic Properties Survey Report/Archaeological Survey Report.
- 2002 **Field Director/Co-Author**, Interstate 10 (I-10) Truck Climbing Lane, near Yucaipa, San Bernardino County. Contract with Caltrans District 8 and Applied EarthWorks, Inc. Supervision of archaeological survey, site documentation, and collections review; preparation of a Positive Historic Properties Survey Report/Archaeological Survey Report.
- 2002 **Field Director**, Harbor College, Valley College, and Pierce College Master Plan Updates, Los Angeles County. Contract with Myra L. Frank & Associates, Inc. and Applied EarthWorks, Inc. on behalf of the Los Angeles Community College District. Supervision of archaeological surveys.
- 2001–2003 **Field Director/Author**, Lake Mathews Draw-down Archaeological Survey, Riverside County. Contract with the Metropolitan Water District of Southern California and Applied EarthWorks, Inc. Supervision of a 4,000-acre survey of areas formally covered by the high stand of Lake Mathews; archaeological site documentation; preparation of Archaeological Survey Report.
- 2001–2002 **Field Director/Co-Author**, The Kern Delta Water District, Water Banking Project, Kern County. Contract with J. Monroe Consulting Services and Applied EarthWorks, Inc. on behalf of the Kern Delta Water District. Supervision of archaeological survey and site documentation; report Preparation.
- 2000–2001 **Field Director**, Metropolitan Water District of Southern California San Diego Pipeline No. 3 Bypass Project, Riverside County. Contract with the Metropolitan Water District of Southern California and Applied EarthWorks, Inc. Supervision of testing and evaluation for a portion of prehistoric site.
- 2000–2001 **Field Director/Co-Author**, Los Angeles to Pasadena Metro Blue Line Project, Los Angeles County. Contract with Myra L. Frank & Associates, Inc. and Applied

- EarthWorks, Inc. on behalf of the Los Angeles to Pasadena Metro Blue Line Construction Authority. Supervision of archival research; testing and evaluation for a portion of the *Zanja Madre* in downtown Los Angeles; Phase II report preparation.
- 1999– **Field Director/Co-Author**, Alameda Corridor Transportation Project, Los Angeles County. Contract with the Alameda Corridor Transportation Authority and Applied EarthWorks, Inc. Supervision and coordination of archaeological monitoring and emergency archaeological site treatment; Native American consultation and burial recovery; report preparation.
- 1998– **Field Director/Co-Author**, Inland Feeder Project, Riverside and San Bernardino Counties. Contract with the Metropolitan Water District of Southern California and Applied EarthWorks, Inc. Supervision of emergency archaeological site treatment; report preparation.
- 1999–2001 **Field Director/Co-Author**, Cadiz Groundwater Storage Project, San Bernardino County. Contract with P&D Consultants, Inc. and Applied EarthWorks, Inc. on behalf of the Metropolitan Water District of Southern California and Cadiz, Inc. Supervision of 4,500-acre survey in the Mojave Desert; archaeological site identification, documentation, and evaluation; assessment of project effects and recommendations for further management; report preparation.
- 1992–2001 **Field Director**, Metropolitan Water District’s Domenigoni Valley Reservoir Project, western Riverside County, California. Supervision of a 6- to 14-person crew during identification and documentation of more than 200 prehistoric and historical resources; design and implementation of testing excavations at more than 30 prehistoric sites and data recovery excavations at five prehistoric occupation sites. Senior author on applicable Phase II Testing and Evaluation Reports and Phase III Data Recovery Reports, as well as the Final Synthetic Reports of Archaeological Findings.
- 1997 **Field Director/Co-Author**, Cultural Resources Survey of approximately 2,200 acres at the National Training Center, Fort Irwin, San Bernardino County, California. Contract with U.S. Army Corps of Engineers, Los Angeles District, and Applied EarthWorks, Inc. Supervision of archaeological survey and site documentation; report preparation.
- 1994 **Field Director**, Metropolitan Water District’s Lake Skinner and Shipley Multi-Species Reserve, western Riverside County, California. Supervision of three to five person crews for survey of 3,115 acres and recordation of 79 prehistoric and historic sites, including logistics and field methodology; report preparation.
- 1992 **Lead Field Technician**, Angels/Utica Archaeological Program, testing and evaluation of eight prehistoric and historic sites in the Sierra foothills, Angels Camp, and Murphys, for PG&E, San Francisco, California.
- 1992 **Field Director**, Cultural Resource Survey (6,000 acres), Eastside Reservoir Project, Domenigoni Valley, Riverside County, California, for Metropolitan Water District of Southern California, Los Angeles.
- 1991 **Lead Field Technician**, PGT-PG&E Pipeline Expansion Project in Oregon and California. Testing and data recovery excavation of numerous prehistoric sites within the pipeline right-of-way.

- 1990–1991 **Field Supervisor**, Cultural Resource Survey (2,700 acres) in Marble Valley (Folsom), California, for Coker-Ewing Development Corp. Testing, and evaluation of 22 prehistoric, protohistoric, and historic sites/
- 1989–1990 **Lead Field Technician**, Moscone Center Expansion Archaeological Program sponsored by City and County of San Francisco; research involved excavation and analysis of CA-SFR-114, an extensive Late Period prehistoric village/cemetery site in downtown San Francisco.
- 1988–1989 **Lead Field Technician**, 600 California Street Archaeological Program sponsored by the Federal Home Loan Bank, San Francisco. Excavation and analysis of Gold Rush period Chinese store; analysis and write-up of extensive glass assemblage recovered.
- 1989 **Lead Field Technician**, CA-CCO-372 Archaeological Program in North Richmond, Contra Costa County, California. Subsurface archaeological evaluation of an extensive prehistoric archaeological deposit.
- 1988 **Field Technician/Lab Analyst/Graphic Artist/Co-Author**, 235 Pine Street Archaeological Program sponsored by London and Edinburgh, San Francisco. Excavation, analysis, and report production of an early Gold Rush era living surface.
- 1988 **Lead Field Technician/Teacher’s Assistant**, Archaeological Evaluation of CA-CCO-549, a prehistoric midden deposit. Assisted in directing/instruction of University of California, Berkeley field school.
- 1988 **Lead Field Technician**, Pan Magna Plaza Archaeological Program, San Francisco, California. Excavation of a pre-Gold Rush or early Gold Rush period carpenter’s shop; analysis and write-up of extensive glass assemblage recovered.
- 1987 **Field Supervisor**, California’s Superconducting Super Collider (SSC) Archeological Program. Intensive survey of two proposed sites for the SSC within the Central Valley of California.
- 1987–1988 **Lead Field Technician**, Bayside Village Archaeological Program sponsored by the San Francisco Redevelopment Agency. Excavation of an early 1850s Chinese fishing village at Rincon Point, San Francisco.
- 1987–1988 **Field Supervisor/Lead Field Technician**, Hills Plaza Archaeological Program sponsored by Beta West Inc. Excavation and analysis of a Gold Rush shipbreaking yard along the old San Francisco waterfront.
- 1986 **Graphic Artist/Co-Author**, Vallejo Mills Historic Park Archaeological Program: Excavation of Jose De Jesus Vallejo’s 1841 grist mill in the city of Fremont, California, sponsored by the City of Fremont. Report preparation and graphics of recovered artifacts.
- 1986 **Lead Field Technician**, Fifth and Market Archaeological Program sponsored by the Gordon Company. Excavation of a previously unrecorded Middle Horizon prehistoric shell midden (CA-SFR-113) at the southeastern corner of Fifth and Market streets, San Francisco.
- 1986 **Field Technician**, 49 Stevenson Street Archaeological Program sponsored by 49 Stevenson Associates. Excavation of a deeply buried, previously unrecorded, Late Horizon shell mound in San Francisco,.

- 1986 **Field Technician/Co-Author**, Rincon Center Archaeological Program. Excavation of an 1880s Chinese laundry and adjacent boarding houses in San Francisco; analysis and write-up of extensive glass assemblage recovered.
- 1986 **Field Technician/Co-Author**, 100 1st Plaza Archaeological Program sponsored by the Barker Interests, San Francisco. Excavation, analysis, and report preparation of an 1849–1850 structure and associated features.
- 1985 **Lead Field Technician/Graphic Artist**, URS Corp. (SAIC), Santa Barbara, California. Survey, surface collection, subsurface testing of various coastal and inland Chumash sites located along proposed Union Oil and Cities Oil pipeline corridors on Vandenberg AFB, California. Responsibilities also included the drawing of master contour maps of all sites tested.
- 1985 **Field Technician**, Scientific Resources Surveys, Inc., Huntington Beach, California. Subsurface boundary test of CA-SBA-46, the coastal Chumash village at Mescalitan Island, Santa Barbara, California. Responsibilities also included two weeks of lab work, processing all cultural materials recovered from CA-SBA-46 boundary test.
- 1984 **Field Technician/Graphic Artist**, Inter-Mountain Research, Silver City, Nevada. Mt. Hope Project: mapping, surface collection, testing and salvage of four prehistoric and five historic sites located in central Nevada. Responsibilities also included crew artist/graphics.
- 1983 **Lead Field Technician**, Inter-Mountain Research, Silver City, Nevada. Cultural Resource Survey, Coso Mountains. China Lake Naval Weapons Center, Ridgecrest, California.
- 1982–1983 **Lead Lab Technician**, Ancient Enterprises, Santa Monica, California. Involved with classification, analysis, and processing of all cultural materials and flotation samples recovered from mitigation of CA-NEV-407, Grass Valley, California.
- 1982 **Lead Field Technician**, Ancient Enterprises, Santa Monica, California. Extensive salvage of CA-NEV-407, Grass Valley, California. Involved with detailed excavations of Maidu house floors and other occupational surfaces associated Martis Complex artifacts.
- 1982 **Field Technician**, Ancient Enterprises, Nevada State Museum, Carson City, Nevada. Black Rock Desert, Nevada mammoth excavations/early man investigations. Plastering and removal of Pleistocene mammoth for Nevada State Museum. C. W. Clewlow, Ancient Enterprises.
- 1982 **Field Technician**, W&S Consultants, Los Angeles, California. Surface collection, testing, and clearance of various sites located on geothermal test pads, Coso Mountains, China Lake Naval Weapons Center, Ridgecrest, California.
- 1982 **Field Technician**, Ancient Enterprises, Santa Monica, California. Initial subsurface test of CA-NEV-407, Grass Valley, California.
- 1982 **Lead Field Technician**, Ancient Enterprises, Santa Monica, California. Subsurface testing of three inland Chumash open air sites and four rock-shelter sites in Wildwood Park, Thousand Oaks, California.
- 1981 **Lead Field Technician**, Ancient Enterprises, Santa Monica, California. Cultural Resource Survey, surface collection of various sites located on geosource test lines, Black Rock Desert, Nevada, for Petty Ray/Geosource, Winnemucca, Nevada.

- 1981 **Field Technician**, Ancient Enterprises, Santa Monica, California, and Nevada State Museum, Carson City, Nevada. Initial test excavation of Pleistocene mammoth, Black Rock Desert, Nevada, for the Nevada State Museum.
- 1981 **Field Technician**, Archeo-Tec, Inc., Oakland, California. Subsurface testing and salvage of three Chumash sites located in Malibu, California.
- 1980 **Lead Field Technician**, Metcalf-Zier Archaeological Investigators, Eagle, Colorado. Cultural resource survey (27 miles), for R.M.E. Corp. road improvement project per Wyoming BLM, Elk Mountain, Wyoming.
- 1980 **Field Technician**, Metcalf-Zier Archaeological Investigators, Eagle, Colorado. Cultural resource survey (37 square miles), Medicine Bow Mine, Medicine Bow, Wyoming; cultural resource survey (60 miles), testing and salvage of fifty various sites along MAPCO Power Line from Granger to Wamsutter, Wyoming.
- 1980 **Field Technician**, Ancient Enterprises, Santa Monica, California, and BLM, Winnemucca, Nevada. Subsurface Test of 26-HU-160, Summit Twin Springs, Humbolt City, Nevada.
- 1980 **Field Technician**, Ancient Enterprises, Santa Monica, California. Extensive salvage from CA-SCL-124, San Jose, California, of approximately 90 burials exposed and removed for reburial; cultural resource survey (107 miles), re-route Valmy-Mira Loma transmission line for Sierra Pacific Power Company, crossing five counties in Nevada.
- 1980 **Lead Field Technician**, Ancient Enterprises, Santa Monica, California. Cultural resource survey, subsurface testing of various Coastal Chumash sites located on the Hollister Ranch property approximately 20 miles south of Pt. Conception, California, for Western L.N.G.
- 1980 **Field Technician**, Ancient Enterprises, Santa Monica, California. Subsurface testing of inland Chumash sites CA-VEN-260 and CA-VEN-261 for Prudential Life, Thousand Oaks, California; test excavation of inland Chumash site CA-VEN-268 for Prudential Life, Thousand Oaks, California.
- 1979–1980 **Lead Field Technician**, Ancient Enterprises, Santa Monica, California. Subsurface collection, subsurface testing and monitoring of various coastal Chumash sites under development on the Hollister Ranch, south of Pt. Conception for Western L.N.G.
- 1979 **Field Technician**, Ancient Enterprises, Santa Monica, California. Cultural resource survey (18 miles), Randesburg Wash area, Coso Mountains, Cruise Missile Project, China Lake Naval Weapons Center, Ridgecrest, California.
- 1979 **Lead Field Technician**, California State University, Dominguez Hills, California. Cultural resource survey (68 miles), Victorville-Barstow power line for Southern California Edison.
- 1979 **Lead Field Technician**, Ancient Enterprises, Santa Monica, California. Test and salvage of coastal Chumash site CA-SBA-1652 located on the Hollister Ranch property, south of Pt. Conception, for Western L.N.G.
- 1979 **Field Technician**, Ancient Enterprises, Santa Monica, California. Test and salvage of sites CA-LAN-711 and CA-LAN-712 along inland Chumash/Fernandino border lines, Calabasas, California; CA-KER-1051, CA-KER-1052 mitigation for PG&E and Southern California Gas; salvage of inland Chumash sites, 13 burials exposed and preserved in-situ

at CA-VEN-606, CA-VEN-607, CA-VEN-608, CA-VEN-609, and CA-VEN-610 for Prudential Life, Thousand Oaks, California.

- 1979 **Lead Field Technician**, Ancient Enterprises, Santa Monica, California. El Balsamo, Guatemala: investigation of Pre-Olmec mound complex.
- 1978 **Field Technician**, Ancient Enterprises, Santa Monica, California. Cultural resources survey, Coso Mountains Geothermal Project, China Lake Naval Weapons Center, Ridgecrest, California; test and salvage of inland Chumash site CA-LAN-972, Agoura, California.
- 1978 **Lead Field Technician**, Ancient Enterprises, Santa Monica, California. Detailed excavation of fully intact Temescal floor during test and salvage of inland Chumash sites CA-VEN-535, CA-VEN-536, and CA-VEN-537 for Ring Brothers Construction; initial test excavations of inland Chumash sites CA-VEN-606, CA-VEN-607, CA-VEN-608, CA-VEN-609, CA-VEN-610, CA-VEN-180, and CA-VEN-181 for Prudential Life, Thousand Oaks, California.
- 1978 **Field Technician**, Ancient Enterprises, Santa Monica, California. Test and salvage of inland Chumash sites CA-VEN-122, CA-VEN-123, CA-VEN-124, CA-VEN-125, CA-VEN-294, CA-VEN-68, and CA-VEN-373 for Prudential Life, Thousand Oaks, California.
- 1977 **Field Technician**, UCLA Archaeology Survey, Los Angeles, California. Salvage of CA-VEN-404, inland Chumash Village of “Mupu” for Thomas Aquinas College, Santa Paula, California.
- 1974–1975 **Field Technician/Lab Technician**, El Camino Real High School, Woodland Hills, California, and UCLA Archaeology Survey, Los Angeles, California. Archaeological field school affiliated with UCLA Archaeology Survey. Involved with tests of sites CA-VEN-269, CA-VEN-271 and CA-LAN-459. Sorted column samples from shell midden of CA-LAN-1 “Malibu Village.” Responsibilities also included quantitative and qualitative analysis report on projectile points recovered from CA-LAN-459.

TECHNICAL REPORTS

McDougall, D. P.

- 2008 *Cultural Resources Survey of Approximately 1,520 Acres of the North Buttes WSSP for the Antelope Valley–East Kern Water Agency Water Banking Project*. Applied EarthWorks, Inc., Hemet, California. Submitted to Boyle Engineering, Bakersfield, California.
- 2008 *Phase I Cultural Resources Surveys for the Desert Knolls Wash Improvement Project*. Applied EarthWorks, Inc., Hemet, California. Submitted to San Bernardino County Department of Public Works, San Bernardino, California.

Horne, M.C., and **D. P. McDougall**

- 2008 *Early Archaic Settlement and Subsistence in the San Jacinto Valley, Western Riverside County, California*. Applied EarthWorks, Inc., Hemet, California. Submitted to Metropolitan Water District of Southern California, Los Angeles.

McDougall, D. P., and M. C. Horne

- 2008 *Phase I Cultural Resources Inventory of the Wildwood Canyon State Park, Yucaipa, San Bernardino County, California.* Applied EarthWorks, Inc., Hemet, California. Submitted to California Department of Parks and Recreation, Perris, California.

McDougall, D. P.

- 2007 *Cultural Resources Surveys for the Metropolitan Water District of Southern California Robert B. Diemer Water Treatment Plant Improvements Program, Orange County.* Applied EarthWorks, Inc., Hemet, California. Submitted to Metropolitan Water District of Southern California, Los Angeles.

McDougall, D. P., and M. C. Horne

- 2007 *Archaeological Resources Survey for the Bundy Canyon Road / Scott Road Improvement Project.* Applied EarthWorks, Inc., Hemet, California. Submitted to Parsons Transportation, Pasadena, California.

- 2007 *Phase I Cultural Resources Inventory of Six Land Segments Adjacent to State Route 74, between PM 52.6 and PM 81.5; Addendum 1: Cultural Resources Identified During Supplemental Phase I Cultural Resources Surveys; and Addendum 2: Cultural Resources Identified following Tree and Shrub Removal Activities, Natural Resources Conservation Service, State Route 74 Evacuation Route Fuel Reduction Project.* Applied EarthWorks, Inc., Hemet, California. Submitted to Natural Resources Conservation Service, Davis, California.

McDougall, D. P.

- 2006 *Cultural Resources Survey for the Palm Springs Master Drainage Plan Line 41 – Stage 3 Flood Control Project, Western Riverside County.* Applied EarthWorks, Inc., Hemet, California. Submitted to Riverside County Flood Control and Water Conservation District, Riverside, California.
- 2006 *Cultural Resources Survey for the Desert Hot Springs Master Drainage Plan Revision No. 1 Project.* Applied EarthWorks, Inc., Hemet, California. Submitted to Riverside County Flood Control and Water Conservation District, Riverside, California.
- 2006 *Cultural Resources Survey for the Metropolitan Water District of Southern California Lake Perris Pollution Prevention and Source Protection Program, Western Riverside County.* Applied EarthWorks, Inc., Hemet, California. Submitted to Metropolitan Water District of Southern California, Los Angeles.
- 2005 *Cultural Resources Surveys for the Mojave Water Agency Water Banking Project, San Bernardino County.* Applied EarthWorks, Inc., Hemet, California. Submitted to Dr. Jud Monroe, San Anselmo, California.
- 2007 *Cultural Resources Surveys for Pacific Gas & Electric Topock Interim Measure No. 3 Compressor Station Expanded Groundwater Extraction and Treatment System Project.* Applied EarthWorks, Inc., Hemet, California. Submitted to Pacific Gas & Electric Company, San Francisco, California.

Horne, M. C., and **D. P. McDougall**

- 2006 *Phase I Cultural Resources Inventory of the Yucaipa Specific Plan Study Area.* Applied EarthWorks, Inc., Hemet, California. Submitted to P&D Consultants, Orange, California.
- 2006 *Phase II Testing and Evaluation of Prehistoric Sites in the Vicinity of Turner Ranch, San Bernardino County, California.* Applied EarthWorks, Inc., Hemet, California. Submitted to Parsons Transportation Group, Irvine, California.

- 2006 *Cultural Resources Element of the City of Hemet General Plan Update, Riverside County, California.* Applied EarthWorks, Inc., Hemet, California. Submitted to Cotton Bridges and Associates Urban and Environmental Consultants, Pasadena, California.
- 2006 *Phase I Cultural Resources Survey of the Lake Perris Pollution Prevention and Source Protection Program, Western Riverside County, California.* Applied EarthWorks, Inc., Hemet, California. Submitted to the Metropolitan Water District of Southern California, Los Angeles.
- Horne, M. C., and **D. P. McDougall**
- 2005 *A Phase II Evaluation of 16 Prehistoric Archaeological Sites Located in Management Region 4, Edwards Air Force Base, California.* Applied EarthWorks, Inc., Hemet, California. Submitted to Earth Technologies on behalf of the U.S. Army Corps of Engineers.
- 2005 *A Phase II Evaluation of 14 Prehistoric Archaeological Sites Located in Management Region 3, Edwards Air Force Base, California.* Applied EarthWorks, Inc., Hemet, California. Submitted to Earth Technologies on behalf of the U.S. Army Corps of Engineers.
- Horne, M. C., **D. P. McDougall**, J. A. Onken, P. Vandiver, W. G. Spaulding, N. Valente, and S. Smith
- 2004 *Early Archaic Settlement and Subsistence in the San Jacinto Valley, Prehistoric Site CA-RIV-6069, Riverside County, California.* Applied EarthWorks, Inc., Hemet, California. Submitted to the Metropolitan Water District of Southern California, Los Angeles.
- Horne, M. C., and **D. P. McDougall**
- 2003 *Cultural Resources Element of the City of Riverside General Plan Update.* Applied EarthWorks, Inc., Hemet, California. Submitted to Cotton Bridges and Associates, Urban and Environmental Consultants, Pasadena, on behalf of the City of Riverside Planning Department, Riverside.
- McDougall, D. P., M. C. Horne, J. A. Onken, R. S. Anderson, and R. Harro
- 2003 *Inland Feeder Pipeline Project, Final Synthetic Report of Archaeological Findings, Riverside County, California.* Applied EarthWorks, Inc., Hemet, California. Submitted to the Metropolitan Water District of Southern California, Los Angeles.
- McDougall, D. P., M. C. Horne, and J. A. Onken
- 2003 *Inland Feeder Pipeline Project, Final Synthetic Report of Archaeological Findings, San Bernardino County, California.* Applied EarthWorks, Inc., Hemet, California. Submitted to the Metropolitan Water District of Southern California, Los Angeles.
- McDougall, D. P., and M. C. Horne
- 2002 *Cultural Resources Survey for the Kern Delta Water District Water Banking Project.* Applied EarthWorks, Inc., Hemet, California. Submitted to Dr. Jud Monroe Consulting Services, San Rafael, California, on behalf of Black & Veatch, Irvine, California.
- McDougall, D. P., M. C. Robinson, M. C. Horne, S. A. Williams, K. Moslak, J. A. Onken, C. M. Inoway, and D. Sandler
- 2001 *Metropolitan Water District of Southern California, Eastside Reservoir Project, Final Report of Archaeological Investigations, Volume II: Archaic and Late Prehistoric Occupation Sites,* edited by S. K. Goldberg and M. C. Horne. Applied EarthWorks, Inc., Hemet, California. Submitted to the Metropolitan Water District of Southern California, Los Angeles.
- Horne, M. C., D. M. Livingstone, and **D. P. McDougall**
- 2000 *Los Angeles to Pasadena Metro Blue Line Project Phase 2 Cultural Resources Investigations of the Zanja Madre, Located in the Cornfield Yard of Los Angeles.* Applied EarthWorks,

- Inc., Hemet, California. Submitted to Myra L. Frank & Associates, Los Angeles, on behalf of the Los Angeles to Pasadena Metro Blue Line Construction Authority.
- McDougall, D. P., and M. C. Horne
 2000 Metropolitan Water District of Southern California, Eastside Reservoir Project, Cultural Resources Survey Report Number 17: A Comprehensive Report on the Archaeological Investigations Conducted within the Southwestern Riverside County Multi-Species Reserve. Applied EarthWorks, Inc., Hemet, California. Submitted to the Metropolitan Water District of Southern California, Los Angeles.
- Horne, M. C., M. Colleen Hamilton, M. F. Rodarte, **D. P. McDougall**, J. E. George, and C. M. Inoway
